## Pool work is Complete!

We had a lot of work done on the pool this spring and we are happy to report that our pool is now in compliance with the federal Virginia Graham Baker Law. This law required all pools to have a dual main drain and special drain covers put on. While doing this we also had many of the little items in the pump room fixed or replaced. The boiler had to be replaced but is heating the pool nicely now. All this work means that the pool should run more efficiently. We are also installing baby changing stations in each of the locker rooms for the convenience of our young families. We are still working on flowers and some more tables but these will be in soon. We want the pool to be a great place to spend time relaxing and having fun with family and friends. Come see us this season!

**Board Meetings** are generally held the first Monday of the month. All homeowners are welcome and encouraged to attend. During the summer they are held at the pool at 7:30 p.m.
